The first combination extractor-scrubber

Advance's Adphibian™ soft and hard floor machine is designed for maximum efficiency and flexibility by enabling cleaning staff to use one machine to clean carpets scrub hard floors.
A 30 second tools-free changeover lets operators switch between using a full- functioning carpet extractor and a full-functioning cylindrical scrubber. The special anti-microbial brushes are designed to work on all surface types. Our patented AXP™ Onboard Detergent Dispensing System lets the operator choose the perfect cleaning solution for all floor surfaces. And the machine's ease-of-use means fast training and consistent cleaning performance.
The Adphibian multi-surface machine is the first of its kind to be awarded the CRI Seal of Approval for low-moisture and deep-cleaning extraction. Adphibian features our patented dual-cleaning mode that lets operators choose between LIFT™ mode – Low-moisture, Indirect spray, Fast dry time, True cleaning – and Restoration mode. For daily carpet cleaning, Advance's patented LIFT™ technology uses a unique indirect spray that leaves carpets clean and dry in less than 30 minutes.
Adphibian's unique Deep Treat™ pre-spray mode allows you to quickly handle heavily soiled areas by automatically applying and agitating any pre-spray detergent on carpeted surfaces. A simple push of a button then allows the same area to be extracted with clean water.

Picture shown may not represent model quoted

- Large opening allows for more complete and thorough recovery tank cleaning
- Ergonomic control paddle
- Convenient onboard battery charger
- Debris hopper is easy to remove and empty
- Single spray jet eliminates streaking
- AXP Onboard Detergent Dispensing System allows for any brand of green-certified detergent

● Standard equipment

Model	ADPHIBIAN BATT PKG 255AH AGM
Ref. no.	56317011

The first combination extractor-scrubber

Technical specifications	ADPHIBIAN BATT PKG 255AH AGM
CRI approval	Bronze for Deep Cleaning Extractors in both Restoration Mode and LIFT™ Mode
Power source	24 V (4) x 6 V batteries
Transport speed ft/min. (km/h)	220 ft/min (4 km/hr)
Airflow (L/MIN)	93 cfm (44 L/sec) (Extraction) / 67 cfm (32 L/sec) (Scrubbing)
Sound level	69 db A (Extraction) / 66 dB A (Scrubbing)
Waterlift, max. (Inches H2O)	70 in H2O (17.4 km/hr)
Brush speed (RPM)	960 RPM
Brush quantity and type	Dual 24 in (61 cm) counter rotating anti-microbial, multi-surface with debris hopper
Dimensions, L x W x H (cm)	L = 56 in (142 cm) x W (w/o squeegee) = 27 in (69 cm) x H = 43.5 in (110 cm)
Weight with batteries lbs (kg)	650 lb (295 kg)
Approx. shipping weight lbs (kg)	680 lb (308 kg)
Batteries	250 Ah wet-acid (optional 255 Ah AGM)
Weight without batteries	370 lb (168 kg)
Vacuum motor	Dual 3 stage bypass
Coverage rate	10,800 sq ft/hour (LIFT™ Mode) 6,000 sq ft/hr (Restoration Mode) 26,000 sq ft/hour (Hard Floor Mode)
Solution capacity	20 gal (76 L)
Recovery capacity	16 gal (61 L)
Squeegee width	36 in (91 cm) curved laminar flow
Brush motor power	Dual 1/2 horsepower permanent magnet
Flow Rate Restorative Mode	0.81 gpm (3.1 L/min)
Flow Rates (Hard Floor, LIFT, and Deep Treat)	0.26 gpm (1 L/min) / 0.81 gpm (3.1 L/min) / 0.26 gpm (1 L/min) / 0.92 gpm (3.5 L/min)
Machine speed - hard floor mode	220 ft/min (4 km/hr)
Machine speed - LIFT™ mode	90 ft/min (1.6 km/hr)
