Corded Electric Burnishers

Consistent, High-Performance Floor Polishing

Advolution™ 20 & 20XP corded electric floor burnishers are designed to maximize performance, productivity and ease-of-use. With a 20” burnishing surface and our unique Flex Floor™ Technology for reliable polishing results.

Benefits of Advolution 20 & 20 XP Corded Electric Burnishers

The Advolution 20 & 20XP features our unique Flex Floor Technology that enables the motor to pivot and hug the contours of the floor’s surface. Combined with our patented gas spring technology that regulates head pressure for maximum shine (regardless of operator experience), you’ll get a high-quality, consistent gloss, every time.

- Choose the right burnisher for your job — Advolution 20 with 20” burnishing surface running at 1,500 RPM, or 20XP 20” dust control model that runs at 2,000 RPM
- Work during the day thanks to the low sound levels of 67 dB A (the volume of standard conversation)
- Improve safety and efficiency with the 75 ft. SuperFlex™ cord with quick-release hook, hospital-grade plug and SafeStart™ function
- Minimize storage space, and easily access the burnishing pad, thanks to EZ Store™ construction
- Expedite service with carbon brush replacement indicator light, electrically detachable motor, easy-access dust bag and maintenance-free transmission and direct drive motors
