Carpet Extractors

A Deeper Clean, Even on the Move

The ET610™ is a portable carpet extractor that was purpose-designed and engineered with direct input from cleaners who use these machines, every day. The result is an innovative, high-performance carpet extractor for a range of applications.

Benefits of ET610 Portable Carpet Extractors

The ET610 offers innovative features designed to improve your cleaning productivity and the durability of your extractor. With a three-stage vacuum motor for unrestricted airflow and superior water recovery, a sealed system to extend motor life and a pressure regulator to adjust for the floor surface, you can count on this portable, efficient machine.

Picture shown may not represent model quoted

- Easily maneuver and transport thanks to the ergonomic design, including a unique transport handle, extension cord wraps and tank handle
- Simplify tank filling with the easy-fill solution tank access port, which is located away from the electronic switch and controls to reduce maintenance issues
- Completely empty the recovery tank thanks to the sloped tank design
- Use less water at higher heat for reduced costs, improved sustainability, faster drying and less chance of shrinkage or soil wicking
- Reduce chemical use and the need for chemical sanitizing with the high heat system
