Upright Vacuums

Superior Performance, Filtration and Values

Spectrum™ upright vacuums deliver superior pickup and filtration to pull dirt and dust from carpets in a single pass. Available in single-motor models (12H), two-stage 1000W motor models (12P/15P) and models adding a brush motor to deliver 1,350W of power (15D/18D).

Benefits of Spectrum Upright Vacuum Cleaners

Spectrum upright vacuums improve cleaning productivity in virtually any application. Featuring superior cleaning thanks to the innovative design, three-stage filtration including a certified HEPA filter, and a full complement of tools and design features that make Spectrum vacuums easy to use and maintain.

- Clean carpets in a single pass thanks to our innovative design that creates a seal with the carpet to agitate and capture dirt and dust that other vacuums miss
- Improve air quality with our high-performance, three-stage HEPA filtration system
- Increase productivity with our quick-draw detailing wand, simple brush and handle height adjustments, convenient cord restraint and storage features
- Simplify maintenance with bag full/clog light, unique quick-change bag design and service-free belt system with a two-year warranty
- Invest in a cleaning solution you can trust, with an innovative design that earned the Carpet & Rug Institute (CRI) Seal of Approval, meeting the industry's latest pickup and filtration standards for vacuum performance
