Unheard performance in a big capacity Wet&Dry vacuum cleaner

When rapid and efficient water removal is essential, the Nilfisk ATTIX 19AE Sump Pump Vacuum stands out as the solution of choice. Engineered to handle high volumes of water with ease, this portable vacuum delivers exceptional performance by collecting and discharging nearly 1 gallon of water per second. Ideal for industrial and commercial environments, the ATTIX 19AE combines powerful capabilities with durable construction and user-friendly features to tackle even the toughest water management challenges.

The Nilfisk ATTIX 19AE Sump Pump Vacuum is engineered for rapid water removal, efficiently collecting and discharging nearly 1 gallon of water per second. This portable and powerful vacuum is perfect for industrial and commercial settings where swift water extraction is essential.

Key Features:

- **High Capacity and Performance:** With a robust motor and high-capacity tank, the ATTIX 19AE ensures quick water removal, minimizing downtime and speeding up the restoration process.
- **Single Circuit Design:** The innovative single circuit system simplifies both operation and maintenance, delivering reliable performance during intensive cleanup tasks.
- **Portable and Efficient:** Designed for ease of transport, the ATTIX 19AE can be easily moved across job sites and handles nearly 1 gallon of water per second with exceptional efficiency.
- **Durable Construction:** Built with industrial-grade materials, this vacuum is durable enough to withstand heavy use and harsh conditions.
- **Versatile Applications:** Ideal for sump pump applications, flood cleanup, and handling water spillages, this vacuum is a versatile addition to any facility.
- **Easy Handling:** Despite its powerful performance, the ATTIX 19AE is designed with ergonomic features that enhance maneuverability and operator comfort.
- **Efficient Filtration:** Equipped with advanced filtration systems, it ensures clean air discharge, protecting both the environment and the user.

Optimize your water management and cleanup operations with the Nilfisk ATTIX 19AE Sump Pump Vacuum, combining portability, power, and durability to effectively address water emergencies and maintain cleanliness in demanding environments.

Rapid Water Removal: Efficiently collects and discharges nearly 1 gallon of water per second, ensuring quick and effective cleanup in water emergencies.

- **Portable Design:** Easily transportable across job sites, making it ideal for diverse industrial and commercial applications.
- **High Capacity Performance:** Robust motor and high-capacity tank deliver powerful performance, reducing downtime and expediting restoration processes.
- **Single Circuit System:** Simplifies operation and maintenance, enhancing reliability and ease of use during intensive cleanup tasks.
- **Durable Construction:** Built with industrial-grade materials for long-lasting durability, capable of withstanding heavy use and harsh conditions.
- **Versatile Applications:** Perfect for sump pump use, flood cleanup, and handling water spillages, making it a versatile tool for various scenarios.
- **Ergonomic Handling:** Designed with user comfort in mind, featuring ergonomic elements that improve maneuverability and ease of use.
- **Advanced Filtration:** Ensures clean air discharge with advanced filtration systems, protecting both the environment and the user.
