A new formula for ease of use

Easy to use and simple to maintain, no matter your skill level. The SW3000 mid-size, ride-on sweeper provides optimal cleaning performance with lithium-ion battery technology for various applications with impressive dust and debris collection. It's designed for efficient cleaning in contract cleaning, educational institutions, retail environments, and light industries such as production areas and warehouses.
Additional features and benefits include:

- A fast-charging battery enables opportunity charging and offers a long lifespan
- Lithium-ion battery operated
- QR codes on the display for easy access to user and service manuals
- Main broom adjustment from the driving position minimizes stoppage time
- Easy self-service on-board diagnostics through the user interface (error codes show on the display for simple troubleshooting)
- Easy and specific log-in for service technicians through PIN code
- Manual or automatic filter shaker to ensure optimal filtration
- Warning beacon that makes operation in congested areas safe
- Highly efficient DustGuard™ misting system controls dust and helps to further maintain a clean environment
- Optional features available for additional safety - overhead guard, optional blue safety light
