The Complete Cable Package

Are you tired of not being able to find the cables in your fitness facility? Do they get left everywhere? Do you not know what resistance level your cables are? If so, then the Smart Resistance Cable Caddy is for you!

The Cable Caddy allows you to neatly store all of your resistance cables. It comes with easy access to all resistance level cables from 10lb to 100lb and extra space for cable attachments, like handles and ankle cuffs. This is the best solution to organize and store your equipment. Cable resistance levels are clearly labeled for easy tube selection and controls cable chaos.

- Securely mounts to any wall with no visible hardware
- Holds up to 80 Resistance Cables and 20 handles or attachments
- Cable resistance levels are clearly labelled for easy cable selection with matching color and resistance level
- Quickly account for all equipment and control cable chaos
- Organize both 30 inch and 60 inch cables in one place, with separate slots for both lengths

The Smart Resistance Cable Caddy Package includes:

- (2 Each) 30in Resistance Cables 10lb-100lb
- (2 Each) 60in Resistance Cables 10lb-100lb
- (4 Pairs) Smart Quick Flip Handles -Single
- (2 Pairs) Smart Quick Flip Handles -Triple
