

# SPR275OS2DPNR

33.88" x 26.75" x 23.25" (H x W x D)

27" wide 2-drawer built-in undercounter all-refrigerator designed for indoor or outdoor use with panel-ready fully finished stainless steel drawer fronts, approved for residential and commercial use

**Highlights:**

- Panel-ready drawers allow you to customize the look to match existing cabinetry
- Flexible design allows for built-in or freestanding use in 27 inch wide spaces
- Less than 24 inches deep for an easier fit in busy kitchens

**Product Features:**

|                                    |                                                                                                                                                       |
|------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Panel-ready drawer fronts          | Drawers can be customized with overlay panels (sized at 26.77" x 13.78" at 3/4" thick) to match or accent existing cabinetry                          |
| 27" wide 2-drawer all-refrigerator | Uniquely sized for built-in installation under counters in residential or commercial kitchen settings                                                 |
| Less than 24" deep                 | Shallower depth than many similar units in this size class, allowing an easier fit in tight commercial or residential kitchen spaces                  |
| Stainless steel drawers            | Interior and exterior drawer fronts feature weatherproof stainless steel construction in a horizontal grain for long-lasting luxury under the counter |
| Built-in capable                   | Front-breathing design allows the unit to be built-in under counters                                                                                  |
| Indoor/Outdoor compatible          | Durable, weatherproof construction designed to hold up to the elements                                                                                |
| Commercially approved              | ETL-S listed to NSF-7 standards allows use in commercial kitchens                                                                                     |
| Wide temperature range             | Temperature can be set between 34 and 65°F for versatile storage of food, beverages, wine, and other items                                            |
| Professional handles               | Included for optional use, or add your own to better match your cabinetry finishes                                                                    |
